*KNOWS THAT PARKS ARE AN IMPORTANT  
PART OF FAMILY LIFE HERE IN PISCATAWAY*

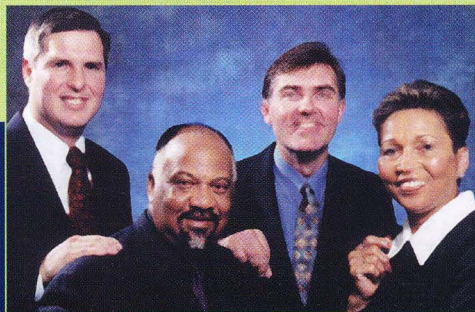

**As Mayor, Brian will make sure we invest  
in Piscataway parks and open space.**

Dear Neighbors,

The parks and fields around Piscataway aren't just open spaces. They're places for families to be together and for our children to play. They're part of our quality of life.

I grew up in Piscataway and live here today with my wife, Paulette, and our two children. I'm running for Mayor because I want to make sure my kids can enjoy the same kind of childhood that I had here.

Responsible growth will be my first priority as Mayor. That means keeping the Cornell Dairy Farm as a working farm or open space forever, with full and fair compensation for the land owners. It also includes sensible development, and acquiring new open spaces.

Sincerely,  
Brian Wahler
